PRESS RELEASE

The Government of Reconciliation and National Unity learned this afternoon of the disposition of a group of North American Congressmen, known for their radical and interventionist positions, to reintroduce the so-called Nica Act.

This afternoon, ratifying their condition of extremists and promoters of disrespect to the Models of Protagonist Democracy with its own Idiosyncrasy and Character, the Congressmen who in September last year presented a hostile proposal against the Right of the Nicaraguan People to Welfare, Security, Work and Peace, Re-irrupted the

CRISTIANA, SOCIALISTA, SOLIDARIA!

pre-electoral political landscape, in coincidence with certain groups of Nicaraguan citizens, identified with the most retrograde North American Policies.

In presenting Nica Act 2017, this group of Congressmen intends to violate the Right of Nicaragua, our People and Government, to continue developing our Christian, Socialist and Solidarity Model, where Democracy, Dialogue, Alliances and the pursuit for Consensus, guarantee Tranquility, Social Harmony and Hope.

Nica Act 2017 is one more threat, of the many that throughout History have hover over Nicaragua, in the eagerness of the imperialist mentalities to appropriate our Country. It's a new attempt of granting

itself the right of destructive interference in our National Affairs.

The irrational, untimely and improper pretension of this group of Congressmen of known extreme positions, only aims to destabilize a Country where People are the priority, where we live in tranquility, enrooted in a valuable Religious, Family and Community Culture, which we cultivate as a Special Patrimony.

Nicaragua will continue to be the Bastion, Example, and Strength of the Security Strategy of Central America and the American Continent, working, as we have done, and we will continue to do, to combat Drug Trafficking, Organized Crime and Crime, and to strengthen Borders that prevent the advance of International Terrorism.

Nicaragua, consolidates and will consolidate its Model of Reconciliation, Work, Peace and Unity, committed to the Responsibility of a State and a Government that has been recognized for its Social, Economic and Security Achievements, also recognized for the Efficacy, Efficiency and Transparency of its Administration.

Our proven Ability to govern, responsibly managing the Economy, has made us a Country with Sustained Growth, where the Advances in the Struggle against Poverty are visible and undeniable.

Nica Act appears as a blind, deaf, and irrational proposal, conceived by insensitive, malicious minds, and completely unable to recognize the right of Nicaraguans

to live far from the conflicts of Past Times, inhabiting, for the Grace of God, New Times, Times of Victories, Times of Good Judgment, Times of Good Hope, Times of Wisdom, Times of Proclamation of Good News.

We will be aware of the development of this baleful Initiative, which does not represent the Heart, Rationality, or Compassion that compel Human Beings to act as Brothers and Sisters. An Initiative that denies Knowledge, Consciousness, and, above all, the Dignity of Love.

Nicaragua will continue to promote Work, Welfare, and Peace. Nicaragua will continue to forge Positive and intelligent alliances, that seek Unity for the Common Good.

Nicaragua will continue to promote its Faith, Family and Community Model with the Dignity and Altitude of our Learning and of a Skillful, Effective, Experienced, Wise and Prudent Leadership.
